

October Newsletter

During this month we will be focusing on a farm theme as well as learning about pumpkins and harvest activities. We are really excited about these subjects, and will also be spending some time with the numbers 4,5, 6 and 7, and the letters D,E, F and G. Our shape of the month is a circle, and our color of the month is orange.

Please let us know if you (or someone you know) has any farm animals that they would like to bring to our school for a visit over the next 3 weeks. The kids LOVE having animals around! Ideas that have worked well in the past are a horse, pony, goat, chickens, baby ducks/chicks. A llama or pig might be fun as well! Just let us know as soon as you can. Thanks!

Our first Scholastic Book Club Order will be in your cubbies this week. This is completely optional, but is a great way to find some good books that are age appropriate for your child. Our school also gets points to spend on books and supplies for the classroom.

Class Picture- Luna Studios Photography will be coming to the school on Tuesday, October 9th to take a class picture. If you are interested, please fill out the order form in your cubby and return by picture day. If this is your regular school day, as a parent you need not be present. For others, please feel free to drop in with your child at 9am to have them included in our class picture. This is a class picture, not individual pictures.

Thank you so much for turning in all of your paperwork last month and for putting up with us as we figure out all of the glitches in Brightwheel! Great job! Don't forget to update immunizations as needed.
